## A new service . . . MOLD REMEDIATION

Construction 911 is proud to announce that we have added mold remediation to our scope of services. We are now certified and insured to perform this service and have added additional staff and equipment for this growing need in the insurance restoration industry.

We are also proud to announce that Mark Almaguer has joined the Construction 911 team to spearhead this aspect of our business. Mark has over 14 years of experience in the construction industry, specializing in asbestos and mold remediation. He is eager to provide the personal and professional client service that Construction 911 is known for.

For those of you still getting to know us, Construction 911, Inc. is a full-service construction company specializing in insurance restoration and emergency repairs. We are fully licensed and insured and work with a tight network of equally qualified subcontractors. We are available 24 hours a day for any emergency, from water extraction to roof covers to board ups. We work to insurance-industry standards and our top priorities are customer service and quality construction. We work to exceed our client's expectations!

## We are growing to support your needs . . .

- We have extended our service base to include Orange County (in addition to Los Angeles, San Bernardino, Riverside, Inland Empire & Ventura counties).
- We have added new team members to our field and office staff to provide better service. Most are now educated and certified by the IICRC (Institute of Inspection, Cleaning and Restoration Certification).
- We are always adding to our inventory of state-of-the-art drying equipment, including Dri-Force and LGR dehumidifiers.
- We are geared up for any emergency!

## THANK YOU!

*We owe most of our success to you - - our clients. So, thank you! We appreciate your continuous support and trust in us. We promise to foster these important client relationships and hope that you will continue to call whenever you need us!*
